

NUMATS Information Meeting:

What is NUMATS? - Family Fact Sheet

- Northwestern University's Midwest Academic Talent Search
A research-validated program that utilizes above-grade level testing to help understand the educational needs of the top 10 percent of students in grades 3-9.

Benefits - why should I do it?

- Receive detailed information about your child's true academic abilities
- Guide your child's academic planning
- Track your child's academic growth
- Provide a gateway to opportunities
- Practice with high-stakes testing
- Build your child's confidence

Is it important for my student to take?

- It is truly a parental decision based on child's grade.
- The older the student - practice for future tests for college
- Gives insight into other academic areas
 - English
 - Math
 - Reading
 - Science

What are the different tests?

- PSAT: 4th-6th Graders (Normed to 8th Grade Test)
- ACT: 6th-9th Graders (Normed to High School)
 - Typically for Midwestern Colleges and Universities
 - Math, English, Reading, Science (reasoning), Writing (optional)
 - Time Intensive
- SAT: 6th-9th Graders (Normed to High School)
 - Typically for East and West Coast Colleges and Universities
 - New SAT launched March 2016, now more similar to ACT
 - Math, English, Reading, Writing (optional)
 - Math includes with and without calculator problems and some fill-in-the-blank

What's recommended? There's lots of information out there to help you decide (including the NUMATS website) since each test tailors to slightly different strengths. Many colleges look at either. If you have some specific colleges and universities in mind, investigate their admission requirements.

Sun Prairie Host Site Dates

Only PSAT (grades 4-6): January 20 and February 10

Time: in the morning, specific time is not yet set.

Timeline

Now - online registration is available and preferred - <https://my.ctd.northwestern.edu>

Once registered - MyCTD toolbox is available with Test Prep Materials

One week before - Make sure you have received Admission ticket

Test Date - Admission ticket tells you where, when to go

Several weeks after test - MyCTD toolbox will have scores and information

March - Eligible students receive information about summer & online programs

Give copy of scores to your Advanced Learner Specialist
