Expectations for Socials

1. Students may not leave the social and re-enter. Any student that desires to leave early must have a parent or guardian come to the Social to get their child and tell a teacher or administrator that the student is leaving. All students are expected to wear casual clothes that are neat, presentable and follow the school dress code unless it is a costume or theme party.
2. Any student that missed school the day of a Social will not be allowed to attend unless permission was given by administration.
3. Students are not permitted to attend if they have more than 1 negative behavioral point. Negative points can be worked off by helping at lunch or staying after school to work with teachers/staff.
4. Student ID's are required for all Socials.
